Mike Hansen comments:

Maybe that's why I really love Bob's latest recordings....I feel like he is genuinely re-animating some of America's greatest treasures....I think he knows he killed the whole art form & I think these 50 songs are some kind of penance...but they are also a sort of proposal....nothing has to sound like it did before, nothing, not his songs or anyone else's...keys & tempos, the mood, the instrumentation,,,,everything changed to suit to singer....I'm really proud of him!

Tangled: "I wish I could tell you all the things"
"That I never learned to say"
